**MANY APPOINTMENTS
CONFIRMED BY SENATE.**
By International News Service.
Washington, Dec. 22.—During an exciting executive session tonight the senate cleaned up a majority of the nominations that have been pending for some time.

Among those confirmed were George Fred Williams of Massachusetts to be minister to Greece, and Brand Whitlock, former mayor of Toledo, to be minister to Belgium. There was some opposition, but not of a serious character, to Whitlock. The appointment of Henry M. Pindell, the Peoria, Ill., editor, to be ambassador to Russia, went over until after the holidays.

IDAHO BANK HAS CLOSED ITS DOORS

Caldwell, Idaho, Dec. 22.—The American National Bank of this city closed its doors this morning and is now in charge of National Bank Examiner Fred Brown. The failure caused scarcely a ripple of excitement in the other three financial institutions, all of which are in excellent financial condition. The deposits on Saturday night amounted to \$114,000, with assets, including stockholders' liability, of \$120,000. The reserve amounted to 23 per cent, 3 per cent over the legal amount required. The officials of the bank state that depositors will be paid dollar for dollar.

Responsibility for the failure appears to be largely placed on the shoulders of S. D. Simpson, former cashier, who resigned and left town a couple of months ago. After his departure it was found that he had borrowed considerable money on his personal security. These obligations are declared worthless. His accounts with the bank are straight, but the effect of his operations tended to destroy confidence in the bank and caused heavy withdrawals during the past few weeks.

JOHN Q. DAVIS DEAD.

Funeral services will be held in the Sixth Ward meeting house at 2 o'clock Wednesday afternoon.

Increase Your Weight To Match Your Height

Thin emaciated people, who are not as heavy as one of their height should be, should take Rexall Olive Oil Emulsion, the ideal nerve and body builder. Being underweight almost always means that one's health is not good, that some part of the system is not doing its work well—that the nerves and blood are not in healthy enough shape themselves to properly direct and nourish the bodily organs causing the trouble.

Rexall Olive Oil Emulsion builds weight, because it furnishes ingredients necessary to nourish and repair the blood, to make the nerves strong and well. It is a real medicine—not an alcoholic beverage, as many so-called "tonics" are. The latter only stimulate, instead of feeding and strengthening the system, and leave you worse off than before.

Those who are underweight, tired-out, run-down, nervous, easily exhausted, and have been vainly dishing yourself with "remedies" that have done you no lasting good, take Rexall Olive Oil Emulsion. In a few days you will begin to feel better, and after a few weeks you will feel like a new person—or we will gladly give you back your money. There is no alcohol, no narcotics, no dangerous or habit-forming drug in Rexall Olive Oil Emulsion. It is a strength and weight and health-building medicine—not a dope. For the valetudinarian—growing children—aged people—it is a sensible, to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is your freedom from sickness of you and your family. Pleasant-tasting—unlike the cod liver oil—gives you the pleasure as well as the benefit when you have noted its strengthening, invigorating, building-up, disease-preventing effects. It is does help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of our store—7,000 leading drug stores in the United States, Canada and Great Britain. T. H. Carr Drug Co., Ogden, Utah.

CHRISTMAS VACATION

WILL BE A SHORT ONE
Eureka, Utah, Dec. 22.—At the Knight mines the Christmas vacation will be only a short one, the men having decided to lay off on the 25th only. The other mines of the district will lay off for three days, Thursday Friday and Saturday.

The adjustments are still being made at the Knight-Christensen dry ing mill at Silver City. The storms of the month have interfered with the work, filling the ore with moisture and making it rather hard to handle. The mill will be ready to handle a good tonnage of ore about the first of the year.

The leasers of the Victor Consolidated mine at Mammoth shipped a carload of ore this week from the old "Boss Tweed" section of the mine. To be carried between 3 and 4 per cent copper and small values in silver and gold, but the deposit is of large size, so that the ore can be handled at a good profit.

Superintendent John Westerdahl of the Tropic Standard has a force of men at work on the new claims of the company on which the yearly assessment work is needed.

FOR PERSONS 75 YEARS OLD

If You Have Reached Three Score and Ten You Have Eaten 1,300 Times Your Weight.

If you should live to be seventy-five years old, have you any idea how much food you would have consumed in the course of the years, taking it for granted that you are a person of average height, weight and appetite?

In both solids and liquids you will have consumed something like 1,300 times your own weight in both solids and liquids, or 54 tons of solid food and 53 tons of liquid.

Probably if your desires were normal you would have eaten some 76 tons of bread, which if they were all piled together would equal in size a small family hotel. On that bread you would have spread about a ton and a fourth of butter. If you had been fond of bacon and were to stretch it out in a long single slice it would have stretched about four miles. It would have managed to eat about five tons of fish and some 12,000 eggs, while if you were at all a lover of cheese you could easily get outside of 400 pounds of it.

It is interesting to imagine how, if you were to see all the vegetables you had consumed pass before you in review, they would make a train of cars at least three and one-half miles long. Also on that train you could add 10,000 pounds of sugar and 1,500 pounds of salt.

If you were a smoker you would have used some half ton of tobacco in pipes or one-half million cigarettes.

Curse of Luxury.

The most judicious historians, the most learned philosophers, and the profoundest politicians, all lay it down as an axiomatic indisputable maxim, that wherever luxury prevails, it never fails to destroy the most flourishing states and kingdoms; and the experience of all ages, and all nations, does but too clearly demonstrate the truth of this maxim.—Charles Rollin.

Food for Reflection.

In Los Angeles the other day a shop-girl was hurrying to her work when her hat blew off and an automobile ran over it. She got permission from her employer to go back, and on the way met three men, one of whom was carrying the wrecked hat. As he returned it he gave the girl a \$20 bill. The other men "chipped in" \$15 apiece. Thereupon the girl went at once and bought a \$50 hat. "I've always wanted one like that," she said, with a smile, "but I never dreamed I should have one." There are several aspects of the incident that are worth thinking about.
